Application for Voter Registration Data

Application Deadline: Before any election, neither the State Administrator nor any election director may respond to an application for a voter registration list unless the application was filed on or before the advanced registration deadline. Applications received after that date shall be returned. (COMAR 33.03.02.05B)

Delivery: Requests will be prepared within 10 working days from the time SBE receives the application. The list may be provided via FTP (secure electronic transfer), picked up from the State Board office, or mailed to the applicant. To ensure delivery, provide contact information as indicated on the application.

Cost: Statewide Lists: $125.00 each, County Lists: $75.00 each, District Lists: $75.00 each.

Payment: Payment-in-full must accompany this application. Payment can be in the form of credit card, certified check, personal or campaign check or money order. Make checks payable to: Maryland State Board of Elections. All returned checks will be assessed with a fee of $30.00.

File Format: Except for the Walking List, all files are provided as tab-separated text files without text delimiters. While this format is compatible with Microsoft products, please note that some statewide and district files may be too large for Excel or Access to process.

Disclaimer: The Maryland State Board of Elections and local boards of elections do not guarantee that the data requested will be compatible with all software programs. The applicant will utilize his/her own software to import this data to his/her database. Technical support and special data formats are not provided.

File Details:

Walking List: the walking list is a PDF (uneditable) file generated by precinct and sorted by street address. Under each street address is listed all the voters who live in that address and their political party. It is designed for walking up and down the streets, with even addresses in the left column and odd on the right. **It is not available Statewide; however, the data is in the Registered Voter List.**

Mail-In Applicants List: Text file containing a list of voters with mail-in ballot **requests** for the given election. It includes voter ID, name, residential address, mailing address, absentee ballot address, precinct, district information, state and county registration dates, party, mail-in type, mail-in request status, and county. Voters who have voted a mail-in ballot are on voter history lists.

Permanent Mail-In Applicant List: Text file containing a list of voters with mail-in ballot requests for any future election. It includes voter ID, name, residential address, mailing address, absentee ballot address, precinct, district information, state and county registration dates, party, mail-in type, mail-in requests status, and county. Not every voter on this list will qualify for every election. Voters who have voted a mail-in ballotVOTERS are on voter history lists.

Early Voting List: Text file listing voters who voted at an early voting location for a given election. It includes voter ID, name, early voting location, date of voting, party, residential address (in one column), mailing address (in one column), ballot style, precinct, and gender. This information is also provided on the voter history lists.

Application for Voter Registration Data

Registered Voters List: Text file containing a list of registered voters with voter ID, name, party, gender, residential address, mailing address, status (active or inactive), state and county registration dates, split and precinct, congressional district, legislative district, councilmanic district, ward, municipal district, commissioner district and county.

Voting History Included in Registered Voter List: Text file identical to the registered voter list **EXCEPT**: columns are in a different order**,** no column for county or commissioner district, and column for each election selected included. This list is easy to view when opened in a spreadsheet format, but it gives no data on voting method or date. **Statewide lists are limited to 5 elections.**

Voting History as Separate File from Registered Voter List: The Voting History file contains the following columns: voter ID, election date, election description, election type, party, election code, voting method, date of voting, precinct, early voting location, jurisdiction code, county name. To match each record in this file to a registered voter, the user must match the Voter ID to the Voter ID column in the Registered Voter List.

Provisional List: Text file listing voters who were issued a provisional ballot. It includes voter ID, name, residential address, mailing address, precinct, legislative district, congressional district, councilmanic district, commissioner district, school zone, state and county registration dates, party, voted date, provisional status, provisional status reason, county voted in, polling place precinct, ballot issue reason, ballot style required, and ballot style voted.

Cure List: Text file of all voters who returned a mail-in ballot, as of the date requested, but did not sign the oath document for a single election. It includes county, voter ID, name, residential address, mailing address, party, old ballot status, old ballot status reason, new ballot status, new ballot style reason, old ballot source, new ballot source, old envelope type, new envelope type, and date of change.
